

VTF-6500

65"

65" Full-HD interactive touch screen

The Avocor™ 65" full HD 1080p resolution VTF touch screen includes a built in INTEL quad core processor running Windows 10 operating system. This allows you to access, manage and create content, use familiar software packages, browse the Internet and gain access to the Windows store, all in a safe and familiar environment.

The Avocor VTF series incorporates revolutionary InGlass™ touch technology that can precisely recognise the size of the object touching it, and can easily differentiate between a pen, finger, eraser or palm. Experience superb performance whilst writing with the 3mm tipped passive stylus.

The durable, sleek, professional design offers an ultra low profile 2mm bezel that is not affected by dirt and dust. There are also feature and control keys on the front of the screen, and a full range of connectivity options including room control.

Includes Vividtouch Note whiteboard software as standard.

For the first time enjoy a true tablet like experience on a large touch screen with price and performance optimised for education and business alike.

-  Integrated Windows 10 OS
-  Full HD 1080p (1920 x 1080)
-  Multi-touch (up to 10 users)
